14. [] Comment. The two troop trains possibly carried air force units or air force AAA units. 25X1

16. []
17. [] Comment. Peitz as dispatching station indicates that the troop trains possibly carried components of the 9th Mecz Div. 18. [] Comment. The two troop trains probably continued the movements of the 9th Gds Tank Div between its home stations and the Jueterbog troop training grounds.
19. [] Comment. The troop train [] possibly carried tank units of the 1st Mecz Div which moved to the Neustrelitz area for field exercises. 25X1
